

Town of Dover

Resolution 2021-07

RESOLUTION for Adoption of Ambulance Fee Schedule

WHEREAS, it is necessary for the Town of Dover (Town), Racine County, Wisconsin to establish a fee schedule for ambulance services provided by the Kansasville Fire and Rescue Department (KFRD).

NOW, THEREFORE, BE IT RESOLVED that the Town shall establish a rate schedule for Emergency Medical Services provided by KFRD and applicable coverage areas. As KFRD will begin providing ambulance services previously provided by a contracted vendor, it is appropriate to establish rates for ambulance services to enable the Town to meet the requirements for providing emergency ambulance services for KFRD's service area and to minimize General Fund support of those services.

BE IT FURTHER RESOLVED, the following emergency ambulance service fee schedule shall be as follows:

1. Resident Base rate - each patient:
 - Advanced Life support \$1,200.00
 - Basic life support \$ 800.00
 - ALS Treatment – Transport via Helicopter \$1,000.00
 - Basic Medical Aid (No Transport): \$ 250.00
 - Mileage: \$ 25.00 per mile

2. Non-Resident Base rate - each patient:
 - Advanced Life support \$1,400.00
 - Basic life support \$1,100.00
 - ALS Treatment – Transport via Helicopter \$1,200.00
 - Basic Medical Aid (No Transport): \$ 500.00
 - Mileage: \$ 25.00 per mile

All medications and consumable supplies are included in base rates, above.

BE IT FURTHER RESOLVED, This Resolution shall take effect January 1, 2022, and shall continue in full force and effect until replaced or rescinded.

I hereby certify that this is a true copy of a Resolution adopted by the Town Board of the Town of Dover on the 8th day of November 2021.

BY ORDER OF THE TOWN BOARD

SAM STRATTON – Town Chairman

CAMILLE GEROU – Town Clerk
